That's a tough question to answer, actually. Often, playing a "good" Roblox game or even being good at a game is secondary to just hanging out with your friends. A lot of games lean into this more relaxed vibe by focusing heavily on roleplaying elements — and I mean roleplaying in the most literal sense of the term. In one game I tried, I worked at a pizza parlor. In another, Animal Simulator, I galloped around a virtual world as a horse.

Bronstein says virtual fashion is "huge" within the Roblox community. "People can also be whoever they want to be on the platform, and this authenticity is an important part of their self-expression, be it in real life or in the Metaverse." He points to the recent Gucci Garden event, which saw a virtual bag eventually sell for around \$4,115. Its physical counterpart costs \$3,400. The bag cannot be transferred out of Roblox, suggesting that some users place primacy on how their avatars look over being able to flaunt these items in the physical world. Plenty of brands have started selling legally licensed digital product replicas, including Nike Air Max trainers and NFL merchandise.

Equally, if you get caught using an account generated through these programs, there are big consequences. The official Roblox site strongly advises against using schemes like account generators. They say that anyone asking you to input your details anywhere is scamming you, and that you won't receive a glitched account or free Robux. The terms of service also warn against it, too. They say that you cannot obtain "exploited game or experience content." This includes hacked accounts with Robux. If you're caught doing this, they reserve the right to immediately close your account.

Manuel Bronstein, Roblox's chief product officer, says that the company's journey began at the turn of the 1990s, when eventual co-founders David Baszucki and Erik Cassel developed the 2D Interactive Physics and the 3D CAD software Working Model. These were "simulated physics laboratories" which allowed users to design

environments they could experiment within – by constructing destructible houses, for instance, or crashing two cars together at various speeds, or maybe by taking the tools in altogether weirder and more unexpected directions.
